As you've probably heard by now, Peterson's Country Mill is celebrating our 50th year in business. We would like to take this opportunity to say thank you to all of our customers for their years of wonderful support. We've seen so many changes since Grandpa Burt bought the mill in 1956. What a great thrill it has been to watch our business grow and change each year. We are continuously changing to keep up with technology, business and farming trends. Our new 20,000 square foot retail store has really kept us all hopping with its fantastic growth.

We'll continue changing to keep up with the times, while doing our best to keep the "good old stuff" that continues working so well. You've received this informational insert six times a year for about three years now, and response to this insert has been so fantastic that we've decided to publish the insert every month this year. Twelve issues full of great ideas, events and specials.

Once again, thanks for your support and be sure to let us know how we are doing.

Jeff Peterson
President

The Peterson Family proudly operates the mill after 3 generations.
