DROLL YANKEES®

The World's Best Bird Feeders

**Onyx Clever Clean for Nyjer Seed &
Onyx Clever Clean for Sunflower/ Mixed Seed**

Both designs have a unique base that twists off easily for cleaning. Prior to each refill, remove the base & shake out any debris that has accumulated to ensure that your seed will remain fresh & will flow to the seed ports.

Plants Arriving
Large selection of annuals,
hanging baskets & vegetables.
Arriving the 1st full week of May.
Just in time for Mother's Day!

Garden Decor

**Peterson's Country Mill
has everything you need
to turn your backyard
into a summer home.**

Come see what living outdoors is all about. Minnesota has short summers & that means you should take advantage & see how awesome your backyard can be. With top brands like Telescope & Meadowcraft patio furniture & grills by Ducane & Weber your backyard can be the place where your family wants to be. Plus accessories like flowers, stepping-stones, decorative pots & garden stakes.

You Must Be The Change You Wish To See. ~Gandhi

What is the difference between organic & natural?

Natural means Mother Nature makes it. Organic means it has no man made influence on it. We all hear about switching to energy efficient light bulbs & to never leave water running but what about with our yard & garden? Reduce your environmental footprint by gardening the organic or natural way. Peterson's Country Mill continues to expand both our knowledge & selection of organic & natural products! You can make the difference.

Go Green

Go Green & Save Green!

Composting & rain barrels are an excellent green option that save you money. Using fresh, chlorine free, clean rainwater for your gardens is healthier for your plants & easier on your wallet. Try environmentally friendly composting of household waste & using it in your garden instead of chemical fertilizers. Keeping your compost damp & well aerated are 2 simple tips to composting. Enrich your compost by adding bone meal, kelp, or seaweed as you layer your batch.

Farmers' Market
Saturdays 8:00 a.m. - 2:00 p.m.
Wednesdays 3:00 p.m. - 7:00 p.m.

Starting in July going through October.

Gophers & Moles

There are many options for taking care of gopher & mole problems. Stop in today & let us help you find the best way for you.

An effective way to take care of moles is to eliminate grubs, which are their food supply. Grub control treatments can last all summer. Peterson's Country Mill also has a large selection of gopher baits, traps, & repellents available.

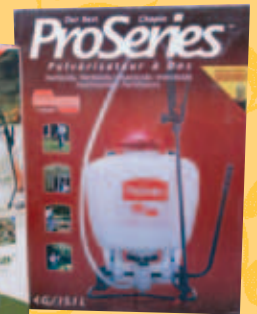

All Natural Milky Spore

Environmentally Safe Grub Control
Milky Spore is harmless to humans, pets, animals and beneficial insects.

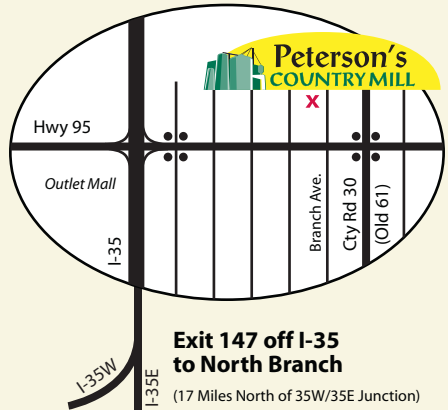

Dandelions, Creeping Charlie & other broadleaf problems?

We have the solution, equipment & knowledge to help you out.
